This initial bibliography consists of the written works of Fr. Lynch available at the library of the Institute of Philippine Culture (IPC), Ateneo de Manila University. Many of these works were originally manuscripts which later were published in books, various reviews, or mimeographed sets of reading materials. It is hoped that this present work will contribute toward a definitive bibliography at some later date.

The bibliography is chronological by year. Within each year, books and pamphlets authored or edited by Fr. Lynch have been listed first, followed by articles forming parts of books, and then articles published in periodicals. Mimeographed works from conference proceedings, speeches, and lectures come next, with outlines of speeches, lectures and unpublished essays listed last. Cross references have been supplied whenever pertinent.
